

Letter of Motivation

To:

Embassy of the Federal Republic of Germany in >City, Country<

Subject: Motivation letter for Bachelor Program in Biomedical Engineering

Dear officials of the German embassy in xxxxx,

My name is xxxx xxxx, I am from xxxx and I was born in xxxx. I graduated from xxxx secondary school, xxxx city, xxxx with a grade of xx,xx% (Note: x,x sehr gut) in the science section. I am writing this letter to express my motivations in applying for a study visa to pursue my study in Germany as medical engineer.

I have great interest studying biomedical engineering because it is a field that connects between two sciences medicine and engineering that I developed interest in. Medical technology is considered an advanced and developed field in Germany, that's why the health care system in Germany considers as one of the best systems in the world. This field specifically is considered to be a flexible field offering great chances to get modernized and developed as it produced 12,263 patents for medical technology submitted in 2016 to the EU patent office, Munich. Moreover it includes a wide range of medical devices reaching to 400,000 different medical devices that allows the students and graduates to develop product devices that help to prevent, diagnose and treat diseases. The career and future prospects are a major encouraging factor due to the great job market opportunities and increasing demand for specialized people in this field.

I decided to study in Germany in (FH Aachen / University of Applied Sciences, Department of Medical Engineering) for many reasons. First of all the advancements in education and the top quality which earns the students internationally renowned degrees in many countries including xxxx specifically in the field of medical Engineering that I am aiming to study. One of great advantages in this program is the education focuses on both ways the theoretical and practical, which readies up students for their career. Moreover, Germany is one of leader countries in medical equipment's companies, and this give me a good chance to make my internship by one of these companies during my education.

Germany is a safe country for international students and has wonderful nature. It has also stable economically and politically conditions that make it a first destination for many students from all the world. Currently, there are more than 2.7 million students in Germany, more than 300,000 foreign students among them. In addition, Germany is geographically close to xxxx compare to the USA or Canada. Studding in Germany gives me a great opportunity learning new language near my Arabic and English languages that grant me a great benefits in xxxx market when I come back home.

To start my education in FH Aachen, I have to obtain a suitable German language certificate as a required condition for FH Aachen admission. To reach this certificate, I get a seat in the xxxx Studienkolleg /xxxx School in xxxx, there I am planning to learn my German language from A1 to B2 levels and preparation year (Studienkolleg/10 months). This institute considers on of the best institutes that prepares foreign students to admit German universities, it has a very qualified teachers in addition, Over 80% of the regularly participating students successfully passed the preliminary examinations.

I am grateful for considering my application and I look forward to a favorable reply.

Sincerely,

Name and Surname of the Applicant
